Fun Outdoor Learning

As the days are getting colder thank you for ensuring that your children are coming to school with plenty of layers ready for fun outdoor learning. Pupils particularly enjoy seeing what the 'active start PE' theme of the week is on Monday morning, ahead of the healthy circuit, walk and run. Increasing numbers of pupils are now calculating their circuit dots, aiming to reach the target for going over to the park on Friday - they come back glowing and encouraging others over a well-deserved 'nurture breakfast'.

As we are coming to the end of autumn, Star

class (and everyone) were thrilled with the arrival of the huge pumpkin grown on one of our staff

member's allotment. There were a range of activities developed around Star class pupil's Early Years Learning goals, including exploring and using different materials, and developing and handling tools, whilst also developing their fine motor skills.

Comets class have worked collaboratively to help create the new pond at Forest School. We are now waiting to see what we will find in the pond next week.

ROAD SAFETY WEEK

16-22 November 2020

Pupils across Clarendon Primary have engaged in a range of tailored activities to develop their knowledge and understanding around road safety week. This is embedded across the curriculum with a particular focus this half term within PSHE and Lifeskills.

Pupils continue to progress with their creativity,

imagination and team

building skills with the Outlast Blocks and trike road safety skills.

Celebrating Kindness

We love celebrating kindness here at the Primary Centre! Whenever pupils are particularly kind, they visit Angela's office and choose a small item from the kindness jar. These pupils are then celebrated in our Friday assembly.

This half term the sign of the week started off themed around 'Village', exploring what a village is. In Monday morning assemblies pupils created their kindness village with kind messages and targets that they have written on their doors, now proudly on display in our library area.
