OFSTED Inspection February 2019: Clarendon remains Outstanding

Spring 2019

Welcome to our Spring Bulletin. We hope you enjoy seeing what our young people have been achieving in class.

9M have been very busy in Computing class recently and have created their very own web-page! Each pupil has selected an area of interest to them and they have learned to upload photos and type text into their own sections of the page. They have really developed their computer skills and everyone has really enjoyed reading each other's articles.

Mrs Master and year 7/8 M created some amazing art work based on William Turner. it took the class 4 weeks to produce these amazing paintings.

Inclusion sports at Orleans Park. Yr 9's - became boccia champions beating Orleans, Waldegrave and RTS. Huge congratulations to the team and Laurence Nepstad for overall winner in the rowing with Harry Jackson in close second.

During Autumn term our class (7/8M) looked at animal and plant cells using the microscopes in the science lab. We have used Jacobs crackers and digestive biscuits and food icing to recreate the animal and plant cell.

OFSTED Inspection February 2019:

Clarendon remains Outstanding

Spring 2019

This term our students made good use of our new Design Technology workshop tools, equipment and machines to produce these finished trays to a very high standard. They went through the proper design process of researching and developing their design ideas before making their finished products.

Y7 had a special visit from our local police woman Heather who came to talk about knife crime. She showed everyone her equipment and answered a lot of interesting questions from the students. Y7 were very impressed with the perils of working for the police, with a few of them deciding they would like to work for the police in the future.

NEW COUNSELLING SERVICE FOR YOUNG PEOPLE WITH ADDITIONAL NEEDS AVAILABLE FROM ME TOO & CO AND OFF THE RECORD

Me too & Co is pleased to announce a new pilot counselling project to continue to support children and young people as they get a bit older. This service will be delivered in conjunction with Off the Record Twickenham. To start with, they are offering this service only to young people aged between 11 and 24 with additional needs who live, work or study in the borough of Richmond. They hope to be able to extend this service later.

The counselling will take place on Thursday afternoons/evenings, between 4pm and 7pm at Heatham House in Twickenham. There are two appointments available every Thursday evening at 4pm, 5pm and 6pm. Each appointment will last approximately 50 minutes. The counselling is free of charge. Please see the links below for further details, each link is for a different time slot.
