

English	Maths	PSHE
<p>This half term our talk 4 writing story will be Six dinner Sid. As a class we will be creating story maps and having a go at changing the story to make our own versions.</p>  <p>In phonics we will be starting to use the new little wandle phonics scheme of work the children will be working within the phases that have been identified in there assessments from their last class teachers</p> <p>There will be lots of opportunities for the children to consolidate their learning through our continuous provision activities.</p>	<p>In maths this half term we will be continuing to work on our maths mastery curriculum alongside our mastering number project. Again children have been assessed by their previous teachers and will be working within the standards that have been identified by these assessments. Will will be having lots of fun maths activities for the children to take part in as part of our continuous provision</p>	<p>This half term our PSHE topic is healthy lifestyles and self awareness</p> <p>Continuing on from last year all children will check in twice a day using our zones of regulation board.</p> <p>We will be taking a closer look at the feelings that we all feel and identifying how they are feeling and from a visual cue how their friends are feeling. As a class we will be learning to communicate our feelings and beginning to describe why we think we feel the way we do at that given time.</p> <p>As part of this we will also be introducing the children to Zippy and exploring significant life events.</p>
	Science	Art
	<p>This half term is all about the human body and our senses. We will also be looking into seasonal changes. As a class we will label the parts of the body from feet and hands to ear loops and nostrils. We will also be exploring our 5 senses and how by removing one the other 4 get better.</p>	<p>In art this half term we are looking at the skill of painting. The children will be given many opportunities to develop their painting skills. We will be learning our primary and secondary colours and investigating what happens when we mix colours and add white or black to certain colours. As a class we will be looking at and using many different types of paint brushes and painting tools to see how they can create different textures and effects that can be made.</p>
Understanding The World	Autumn 1 2022 Who am I?	Computing
<p>In UTW this half term the class will be taking a closer look at our own families creating family trees and looking at how every family is different and that's ok!</p>	<p>This half term our topic is learning all about ourselves and how to keep healthy. We will celebrate significant religious events and pupil birthdays.</p>	<p>This half term is all about Technology Around Us -the children will be learning to recognise and learn to use technology required to access the curriculum across school. We will be learning to identify and use different technology in and around school.</p>
Forest School	PE	Cooking
<p>This half term we will be exploring the changing seasons and making observations in and around the forest and local areas. Mark will be teaching the children the rules of forest school and how to stay safe in and around fires and ponds. The children will be making things from the natural objects that they have collected in and around the forest as part of this we will also be making our own paint.</p>	<p>This half term is all about gymnastics!</p> <p>We will be working on balance, agility and coordination. As part of this the children will be developing their flexibility, strength, and climbing skills, this in turn will allow them to hone their techniques and control.</p>	<p>The class will have weekly cooking sessions.</p> <p>This half term we will continue to work on food and kitchen hygiene and how we can make small changes to keep ourselves safe in the kitchen. The overarching topic for this half term is cold snacks, so we will be exploring how we can independently make snacks.</p>
